World Assembly of Islamic Awakening

**Dear Sister zeynab shokatali**

**As salaam'alaikumwaRahmatullahiwaBarakatuh**

As you are aware the fresh waves of Islamic awakening, unfolding developments in geographical expanse of the Islamic world and ensuing political events that stem from genuine Islamic concepts and values have turned these values into a dominant discourse and conversation among masses of Muslim men and women. The holding of General Assembly of the World Assembly of Islamic Awakening last year which was attended by more than 700 scholars and dignitaries of the Islamic world from 81 countries, and the establishment of the permanent secretariat of the Assembly in Tehran encouraged the members of the Assembly to hold a series of meetings with the presence of opinion makers and influential figures in the arena of Islamic awakening. The first outcome of this decision was the holding of a grand meeting under the theme of "Youth and Islamic Awakening".

More than 1200 young people from 78 countries of the Islamic world participated in this meeting in Tehran.

Given that the unique role of women is evident as one the most effective elements in preserving the Islamic and revolutionary character of the Islamic awakening, in sustaining its momentum and preventing departure from its true course by the arrogant powers of world, therefore for the purpose of raising awareness on the role of Muslim women in bringing revolutions to fruition, it was decided to hold an international meeting in Tehran under the theme of Women and Islamic Awakening.

It is our pleasure to invite Your Excellency as a Muslim and revolutionary woman to attend this meeting.

Date: 8-11 July 2012

Venue: Terhan, ShaidHemmat Expressway, Milad Tower Conference Center

Best regards,

**Dr. Ali Akbar Velayati**

**Secretary-General of the World Assembly of Islamic Awakening**
